This *Health & Safety Statement* is aimed at protecting our pupils and staff from workplace accidents and ill health at work. It is our programme in writing to manage health and safety. The Statement is available to staff, pupils, outside service providers and inspectors of the Health and Safety Authority. It will be reviewed at least once a year and updated as necessary. In particular we undertake, so far as is reasonably practicable, to comply with all relevant health and safety legislation to include the following areas:

- Provision of a safe workplace
- Safe access and egress routes
- Safe handling and use of equipment
- Safe equipment including maintenance and use of appropriate guards
